## RENEAR WINS RACE

TIES THE RECORD FOR FIFTY YARDS

HEALANI ATHLETE EQUALS THE WORLD'S MARK - FREETH TAKES EXHIBITION CONTEST.

Dan Renear won the fifty-yard championship swimming race Saturday afternoon, and in doing so tied the world's record for the distance in open water, 28 seconds. Pushed all the way by Hustace and Kopke, the big Healanian athlete went through the water with steady, powerful stroke and demonstrated conclusively that he is fast at

DAN RENEAR.

the fifty as well as the hundred yards. Kopke and Hustace swam fast, but not quite fast enough.

The race was that postponed from the water carnival on April 22, when Renear refused to accept the contested decision. On Saturday a big crowd gathered at the Bishop ship to see the contested race swim off. The revenue cutter Bear and the steamer Nihau were moored in the slip and were crowded. An exhibition fifty yards race between Freeth and Robertson of the Healanis and Bechert of the Myrtles, Freeth winning, put the crowd on edge for the big event.

Renear got away behind the others but at the thirty-five yard mark he held the race safe, winning by nearly a yard, with Kopke second and Hustace a few inches behind. Time 28 seconds.

The world's record was made by Zoltan de Holmay at St. Louis, September 6, 1904. Renear is the goods to better this time.

#### ECKART TO TRAVEL.

Wailuku, Maui, April 29.—Maximilian Eckart, watchmaker and jeweler, left for Honolulu last evening en route to Munich, Bavaria, Germany, to pay a visit to his old home, which he has not seen since 1868. His two sisters and a brother will all meet there June 27th. Eckart was in business in Honolulu for many years before coming up to Wailuku to locate. He will be away four months.

#### YOUNG CONTROLS MOANA.

Alexander Young, owner of the hotel of that name, has acquired the majority of the bonds of the Moana Hotel and will control the latter hostelry. There are to be some relations of management between the two big houses to the end of serving the convenience and pleasure of guests.

#### PRATT SUCCEEDS OAT.

J. M. Oat on Saturday night retired as Honolulu postmaster, J. G. Pratt, recently appointed by President Roosevelt, succeeding him. Mr. Oat was postmaster general under the Republic of Hawaii.

The members of the Catholic Ladies' Aid Society of Hilo will hold a fair at the Hilo Armory beginning July 1. The proceeds will be for charitable purposes. The members of this society have in hand the care of sick and needy Catholics and their work is appreciated. The collection of fancy work to be sold at the fair is a large one and will contain a number of useful articles. It is predicted that this will be one of the biggest successes Hilo has ever had, being the first fair held here for many years.

Miss Menloha Uihl, the Hilo kindergarten teacher and William Roback, an employee of the Hilo Electric Light Co., were quietly married on Monday, April 17th, at the home of the bride's parents at Pauoa.

## BRIDE SUES McGREW

FOR DAMAGES FOR

### ASSAULT WITH GUN

Evelyn Cooke Roe has filed suit of \$10,000 damages against Dr. J. S. McGrew. It appears that on the evening of April 8 Mrs. Roe and her husband, who were spending their honeymoon at Pearl Harbor, were rowing in a boat off Dr. McGrew's Alsea country home. The doctor, who has been much bothered by thieves, mistook the couple in the darkness for prowlers and fired a couple of shots in the air to frighten them off.

The libel states that Dr. McGrew made an assault on plaintiff with a deadly weapon, "by means of which said premises the plaintiff was greatly frightened, terrified and unstrung and received, and sustained a severe nervous shock, and became and was sore, sick, disabled and disordered and suffered great pain of body and mind, and was forced to expend and did expend a large sum of money in and about medical treatment and the cure of her, the said plaintiff, to wit, the sum of twenty dollars, to the damage of the plaintiff in the sum of ten thousand dollars."

The second count shows that Dr. McGrew aimed and fired the pistol at plaintiff. The third count alleges that the respondent without provocation or warning, except that he exclaimed, "get out of here, you," "I will kill you," assaulted the plaintiff as above stated.

#### HILLO'S BAND

Hilo, April 25.—The largest petition which has been sent to the House of Representatives for the present session has been from the voters and taxpayers of Hilo recommending government support for the Hilo Band.

The representatives from East Hawaii are making every effort in their power to have inserted in the appropriation bill an item which shall give the much desired governmental aid to the Hilo Band. Representative Smith has already introduced a resolution in the House of Representatives providing for an appropriation of \$5,000 for this purpose.

Lieut. Col. McClellan, who recently made a visit to Hilo to inspect the National Guard stationed here, has written the following communication recommending the band:

Headquarters Artillery, District of Honolulu, Camp McKinley, H. T., April 17, 1905.  
The Honorable Carl Smith, Alexander Young Hotel, Honolulu.  
Sir:—In reply to your inquiry, I have the honor to inform you, that while inspecting the National Guard Company at Hilo, Hawaii, recently, I had occasion to observe the Military Band of 22 pieces, which turned out with the Company at its Armory, and played during the inspection.

The Band seemed to be a good one, and I was informed that this band desired to join the National Guard.

As a band is quite an important feature of the organization of a Regiment of Militia, and is very useful in assisting in keeping up the military spirit of any organization, or of any community, I would respectfully recommend that this Band be encouraged in some practical way.

Could it not be considered as part of the Territorial Band, and stationed at Hilo, perform for that city, what the Territorial Band now does so well for Honolulu, and at the same time be called upon from time to time, to do duty with the National Guard, as the present Territorial Band does.

Very respectfully,  
(Signed) JOHN MCLELLAN,  
Lieut. Col., Artillery Corps,  
Commanding.

It is understood that Geo. W. Smith, President of the Merchants' Association at Honolulu, is giving his personal support and has also written strongly in favor of the item.—Tribune.

#### HILLO MAY DAY BALL.

Hilo, April 25.—The Grand May Ball to be given next Monday night by Company D at the National Guard Armory promises to be an elaborate and distinctive affair. One of the features of the evening is the May-pole dance and other innovations to be introduced, which will be of interest. Capt. W. A. Fetter has been selected floor manager. Music will be furnished by Carvalho's orchestra and a Hawaiian quintette club. The floor is being put into splendid shape and the decoration committee, under the supervision of chairman, J. M. Herring, has already begun an elaborate scheme of decoration, which will transform the hall into a kaleidoscope of color. The tickets are on sale at the Hilo Gro Store at \$1.00, which admits a gentleman and ladies.—Tribune.

#### SUGAR WILL GO OUT

Sugar will move a little faster this week on its journey to the world markets than last week. The bark R. P. Rithet will be first to get away. She is now loading at the American-Hawaiian wharf, and is due to sail for San Francisco tomorrow morning, carrying 26,000 bags of sugar and several passengers.

The big four masted ship W. P. Frye, which arrived from Shanghai early last week and has since been lying off port discharging mud ballast, has come into the harbor and is now lying at the Channel wharf. She will take on 4300 tons. The American-Hawaiian freighter Nevada is due this week and several sailing vessels may come in. The island steamers still report lighter shipments from the planters.

## BARK DON STRUCK REEF

BRITISH VESSEL IN DANGEROUS POSITION

PULLED OFF BY TUG FEARLESS WITH APPARENT DAMAGE SMALL—THOUGHT IT DEEP WATER.

Standing in too close to the treacherous line of reef, the British bark Don struck the coral reef off Waikiki beach yesterday forenoon. After an hour in that dangerous position the bark was pulled off by the tug Fearless and came into the harbor, docking at Railway wharf at 2 o'clock.

Luckily the sea was running smoothly over the reef. Otherwise the bark might have suffered seriously. As it was struck on a soft spur of the reef and got off without much injury, Captain Jaffray, master of the vessel, said this morning that he thought nothing was strained and anticipated no bad effects, although the vessel struck hard.

The Don carries a cargo of nitrate from Iquique, 1400 for this port and 450 for Victoria. She was 61 days out from Iquique when she came around Diamond Head yesterday morning with only her flying jib set. Captain Jaffray says he thought the water was deeper than it is. At any rate, he sailed close in and struck hard on the coral. After many fruitless efforts to get her off by setting his sails Captain Jaffray called the tug Fearless, which had been standing alongside, to his aid. The Fearless pulled first this way and then that, working the bark loose by the stern, and after a half hour of straining got the Don into deep water, after which the bark sailed on down to the harbor.

Captain Jaffray has never been in this port before. The bark was drawing twenty-four feet of water, and the captain thought he was far from the reef. The smooth sea aided in deceiving him. Ordinarily there is a white line of surf breaking over the reef, but yesterday this was almost absent, and the presence of the jagged coral was indicated only by a difference in color, which, to one unaccustomed to the waters around the islands is difficult to judge.

The bark had a fine voyage from Iquique to this port. She had a fresh trade wind behind her from Diamond Head and was lucky in coming out as well as she did. At least Captain Jaffray so regards it. Her cargo for this port is consigned to H. Hackfeld & Co., Ltd.

#### WAILUKU BOYS WAR

(Special to The Bulletin)

Wailuku, Maui, April 29.—On Wednesday afternoon 17 boys were arrested for fighting on the vacant lots in front of the Maui stables in Wailuku. Most of the youngsters were Japanese, the others being native boys. On Thursday they were lined up before Judge McKay, who, after giving them a fair warning, as to their conduct in the future, sent them to school. During their affray Mrs. Tanaka was struck by a stone in the forehead, which came near being a serious injury, she is being attended by a physician and is doing well.

#### EASTER AT WAILUKU

(Special to The Bulletin)

Wailuku, Maui, April 29.—The Easter services of the Roman Catholic church and the Church of the Good Shepherd (Protestant Episcopal) were both well attended last Sunday. The latter church was especially beautiful with floral decorations, the work of the lady members of the church. Mrs. L. M. Baldwin was organist, while C. D. Lufkin played the accompaniments to hymns on his cornet. The effect was very beautiful and most impressive.

#### TENNIS AT HILLO.

Hilo, April 25.—The interest of tennis has by no means abated judging by the number of spectators who have gathered every afternoon at the Hilo Tennis Club grounds to witness the tournament now in progress among its members. The courts are in fine form and the games have developed some clever playing. The games between Messrs. Grace and Mellor and Hapal and Metcalfe displayed the best tennis work during the tournament. The following were the matches played:

S. Grace defeated E. D. Baldwin, 6-5; 6-2.  
Mrs. H. Vickers defeated Miss Lilline Hapal, 6-2; 6-1.  
E. C. Mellor defeated S. Grace, 6-4 and by default.  
Mrs. H. B. Elliott defeated Mrs. E. D. Baldwin, 6-0; 6-1.  
H. B. Elliott defeated Adam Lindsay by default.  
B. H. Elliott and H. Vickers defeated Jas. Sisson and F. W. Thrum.  
E. D. Baldwin and C. E. Mellor defeated S. Grace and J. E. Metcalfe, 7-5; 6-3.  
J. E. Metcalfe defeated C. Castendyke, 6-1; 6-1.  
Mrs. Elliott and Miss Hapal defeated Mrs. Castendyke and Mrs. Metcalfe, 6-1; 5-7 and 6-2.  
Geo. Hapal defeated J. E. Metcalfe, 4-6; 6-3 and 6-3.

The island steamer Claudine arrived yesterday morning from Maui ports with 38 cabin passengers and the following cargo: 4150 sacks of sugar, 46 sacks of rice, 30 sacks of taro, 52 bales of hides, 33 packages of bottles, 50 hogs, 1 horse, 1 lot scrap iron and 100 packages of sundries.

The island steamer Naeau, arriving yesterday morning from Hawaii ports, reports rough weather on the outward trip, strong trades and rain on the inward trip, and light showers on the Hamakua coast.

## HOPES OF MAUI

RAISED HIGH

### FOR IMPROVEMENTS

(Special to The Bulletin)

Wailuku, Maui, April 29.—Mr. and Mrs. R. N. Boyd will leave for Kaupuna next Wednesday. During Mr. Boyd's sojourn of seven weeks in Wailuku he has finished the surveys of Kihel-Puuhele road, the Iao Valley road, and Kahakula road. The appropriations in Loan Bill of 1903 for Kihel-Puuhele road and bridge is \$8,000, while that for Iao Valley is \$10,000. It is understood the bids for these two will be let soon, or before the end of the period, June 30th.

Mr. Boyd has done extensive surveying on the Iao Valley road. Two bridges will be erected, one at the first crossing and the other will be at or near the base of the Needles, third crossing. The road after passing first crossing will continue on the Waieae side, passing Mrs. Field's place. There will be at least fifty cuts in order to complete the contemplated road, which will be about sixteen feet wide. When this road is completed, it will open up the natural beauties of Iao Valley, and a hotel for tourists will not be out of place at Kaalaholo, the Table Land.

Both the Wailuku Improvement Association and the Executive Committee of Third District Committee, Republican Party, are most heartily in favor of opening up this road, and to that end numerous letters have been forwarded to representatives in the Legislature and to Superintendent of Public Works C. S. Holloway, and also to Governor Geo. R. Carter. All of them have given promises of seeing that the appropriations will be used as intended by the Loan Bill of 1903, with eager expectation and will hail with jubilation the day when the bids are given out to bona fide contractors.

Hugh Howell, civil engineer, will soon file his final report and recommendations to the Superintendent of Public Works relating to these much needed improvements.

The island steamer Nihau carried machinery for the new Makawell mill on her trip Saturday night. The machinery was made at the Honolulu Iron Works and was loaded from the Bishop dock.

## MAUI NEWS NOTES

(Special to The Bulletin)

Wailuku, April 29.—The weather during the present week has been cloudy with occasional rains during the nights. On last Sunday the church had special Easter services in the morning, and the attendance was good at the different places of worship.

The district court on Monday morning took up the case of the Territory of Hawaii vs. Makne Takita, which has been on trial for four days and had attracted large crowds of Japanese each day of the trial. In the afternoon the case came to a close and the defendants were discharged. J. L. Coke assisted the prosecution and W. F. Crockett appeared for the defendants. The arrangements for the new Sanitary Soda Works at Kahului are nearing completion and will in a few weeks be ready for work. The company claim that they are going to be prepared to furnish their patrons all of the delicacies that may be found in a cold storage plant.

The young men of the Kahului store and railroad have erected and completed a lawn tennis court, which will add much to the pleasures of the society of this thriving town.

George Weight of Wailuku has been quite sick during the past week, but is now improving.

#### ANDREWS' COMPLAINT

Editor Evening Bulletin:—That report "rubs it into me" good and hard. My sins, misdemeanors and great crimes have been aired (vide report). Now for an expose of one through whose brutal and most inhuman—not to say infernally diabolical—treatment accorded me by persistently refusing me to earn a livelihood for my family of ten, refusing me a permit to open an independent school at Kona for almost a year. As a result, my family starved, and one of my limbs eaten up by scurvy. Is this justice?

CHRISIAN ANDREWS.

The following sugar is reported ready for shipment on Kaula: K. S. M. 1550; M. A. K., 22,000; G. & R., 1785; MeB., 15,000; K. P., 17,000; G. F., 13,225; P. L., 15,000; H. M., 31,000; M. S. Co., 5000; total, 121,560. On Hawaii: H. S. Co., 3500; P. S. M., 2500; D. H., 1071; total, 7071.

The island steamer Likelike will leave for Koolau and Waimanalo ports at 5 o'clock this afternoon.
